

# Super WHY!

## Facilitator Training

Research has shown that Super WHY! Summer Reading Camps have a significant impact on children's acquisition of early literacy skills.

*[4 and 5 year old] "Children who attended Super WHY! Reading Camp demonstrated significant increases in decoding and encoding knowledge, and were able to apply their newly acquired skills to achieve meaningful gains on standardized index of overall reading readiness." (Meyer and Sroka, 2010)*

**Attendees will learn how to implement a Super WHY! Summer Reading Camp, receive a curriculum binder and CD, and get a certificate for participation.**

**Space is limited. Register today!**
